ECHO INDIA 2019

Dated: 7-10th November, 2019

Scientific Programme Highlights:

Theme of the conference: Seamless Integration of Echo with Other Multimodality CV Imaging.

Pre-Conference Workshop (7th November, 2019)

- Back to Basics
- Assessment of Cardiac Haemodynamics
- Valvular Regurgitations
- Common Congenital Heart Disease
- Three-Dimensional Echo
- Myocardial Strain Imaging
- Prosthetic Valve Assessment

Application of Cardiac CT and MRI in Clinical Practice (Basic & Advanced)

Conference Highlights (Scientific) [8th-10th November, 2019]

- ORATIONS: Bijoy Khanderia Presidential Oration
  Navin C Nanda Oration
  Natesa G Pandian Oration
  Silver Jubilee IAE Oration
• **CASE STUDIES: A) COMPETITIVE**
  a. IAE Young Investigator Research Award
  b. Natesa G Pandian Case Study Competition
  c. Sonographers’ Case Study Competition

• **B) NON COMPETITIVE**
  Case Study & Case Vignettes

• **JOINT SESSIONS:**
  IAE (Indian Academy of Echocardiography)
  &
  EACVI (European Association of Cardiovascular Imaging)

  IAE (Indian Academy of Echocardiography)
  &
  ASE (American Society of Echocardiography)

• **MAKE IN INDIA:** (Original Research from India on Cardiac Imaging)

• **ECHO JEOPARDY QUIZ**
• **MULTIMODALITY CV IMAGING SESSIONS:**
  - Multimodality CV Imaging & Decision Making in CVD
  - Valvular Aortic Stenosis (AS)
  - Cardiomyopathies & Multimodality CV Imaging
  - Multimodality Cardiac Imaging & Chronic Stable Angina
  - Cardiac Imaging for Myocardial Viability
  - Cardiac Imaging for Patients with Heart Failure
  - Cardiac Imaging for Arrhythmia Management
